

This book looks at the Followers of the New Thought movement of the early 20th century who believed in the concept of "mind over matter," It introduces us to the mental fascination among animals . the rationale of fascination . experimental fascination . the phenomena of induced imagination . the dangers of psychism . Oriental fascination . and much more. From 1901 to 1905 William Walker Atkinson was the editor of a magazine New Thought and editor of the journal Advanced Thought from 1916 to 1919. Certainly gives you food for thought. - Summary by Michele Eaton
